Languages: English, Spanish, German (fluent) | EU & US Work Authorization

PROFESSIONAL SUMMARY

Technology policy professional with 8+ years spanning multilateral governance (UNEP, WWF), academia (UC Berkeley), and the private sector (Amazon, Gaingels VC). MPA from Berkeley's Goldman School with a Tech Policy & Applied Data Science focus and a BlueDot Impact AGI Strategy certification. Distinctive strength at the intersection of institutional design and emerging technology: translating AI governance challenges into concrete policy frameworks by asking who designs a system, who benefits, who is excluded, and what happens when it fails. Seeking roles that connect rigorous policy analysis to the design of AI safety and governance structures.

EDUCATION

MPA, Tech Policy & Applied Data Science | UC Berkeley — Goldman School of Public Policy

Berkeley, CA 2024 – 2025

- Tech Policy Certificate. Departmental Scholarship. Capstone: Connectivity+ framework for humanitarian digital infrastructure (NetHope).
- TA: US-Mexico Public Policy Relations; US Immigration Policy. Coursework in computational social sciences, AI policy, and social impact.

M.Sc., International Development — Governance & Politics | Wageningen University & Research

Netherlands, 2018 – 2020

- Coursework completed (thesis deferred). Specializations in development governance and sustainable development diplomacy. Colfuturo Scholar.

M.A., Environment, Development & Peace | University for Peace (UN Mandated)

Costa Rica, 2014 – 2015

- Grade: 9.1/10. 50% tuition scholarship. Focus on environmental security, climate resilience, and institutional design for sustainability.

B.A., International Relations | Universidad Latina de Costa Rica

Costa Rica, 2011 – 2014

- International Public Law, Political Science, Economic Theory. 2x Student Representative to the National Student Table.

PROFESSIONAL EXPERIENCE

Capstone Consultant — Public Policy & Systems Analyst | NetHope

Berkeley, CA (Remote) Feb 2025 – Jun 2025

- Designed a systems-based policy intervention for digital infrastructure resilience in Philippine disaster response
- Conducted stakeholder mapping and policy evaluation; synthesized scalable recommendations for NetHope's humanitarian technology strategy

Teaching Assistant | UC Berkeley — Goldman School of Public Policy

Berkeley, CA 2024 – 2025

- Consecutive TA for two graduate-level courses on bilateral policy dynamics and immigration governance; graded and advised 60+ students

Operations Associate & Researcher | Gaingels VC

Remote 2023 – 2024

- Built compliance tracking and investor communication systems; conducted due diligence research supporting investment decisions

Grant Writer & Policy Advisor | Herencia VL

Bogotá, Colombia, 2022 – 2023

- Developed 10+ competitive grant proposals for international donors; strengthened cross-sectoral policy initiatives linking civil society and government

Coordinator — UNESCO Chair on Freedom of Expression | Universidad de Los Andes

Bogotá, Colombia, 2021

- Increased public engagement by 30%; coordinated research on media freedom, digital rights, and freedom of expression across Latin America

TRMS Specialist | Amazon

San José, Costa Rica Aug 2017 – Jul 2018

- Investigated transactional risks and fraud across the European market; designed SOPs that improved cross-market consistency in risk assessment

Programme Assistant (Traineeship) | UNEP — ROLAC

Panama City, Panama, 2016 – 2017

- Drafted governance frameworks for regional chemicals and waste management; authored 10+ technical documents for environmental policy alignment
- Led stakeholder engagement with ministry-level officials; supported intergovernmental negotiations and multilateral agreement implementation

Graduate Research Assistant | WWF — Global and Regional Policy Unit

Gland, Switzerland 2015

- Produced 20+ policy briefs for UN SDG and G20 advocacy; co-authored science-policy manual on environmental governance

Earlier Roles — Costa Rica, 2015–2016

Analyst & Interpreter | GIZ-DABIO (German International Cooperation)

Research Assistant | IIHR/CAPEL (Inter-American Institute of Human Rights)

Auditor Assistant | Sustainable Agriculture Network (SAN)

CERTIFICATIONS

- AGI Strategy — BlueDot Impact (AI capability forecasting, threat modeling, defence-in-depth) | 2026
- Project DPro — PM4NGOs | 2021
- Evaluating Social Program Impact — MITx-JPAL | 2017

SKILLS
